**NOTICE OF OPPORTUNITY TO COMMENT AND PUBLIC HEARING
FOR
RESCISSION OF DISCHARGE PERMIT**

**The Pittsburg Owner LPV, LLC
Pittsburg Generating Station
696 West 10th Street, Pittsburg, Contra Costa County**

Board staff has prepared a draft order to rescind a National Pollutant Discharge Elimination System (NPDES) permit for the above discharger.

The Pittsburg Owner LPV, LLC owns the former Pittsburg Generating Station, a decommissioned power plant it intends to redevelop for residential and commercial purposes. The facility has been shut down since 2017 and only discharges stormwater; the facility does not generate or discharge process wastewater. The draft order would rescind the NPDES permit that allows the facility to discharge treated wastewater to Suisun Bay effective when the facility is enrolled under the Industrial General Stormwater Permit (NPDES Permit CAS000001).

The deadline for receipt of comment on the draft order is **5:00 p.m. on May 22, 2023**. Comments must be sent to the **attention of John Madigan**. Persons wishing to file written comments on any aspect of this matter must do so no later than this deadline so that such comments may be considered.

The Board will consider adopting the draft order during a meeting to commence at 9:00 a.m. on **June 14, 2023**. Interested persons are invited to express their views at this hearing.

Pursuant to California Code of Regulations Title 23 section 2050(c), any party who challenges the Board's action through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues that were raised before the Board at the hearing or in timely submitted correspondence.

All documents related to the draft permit may be inspected at the Board office. The draft rescission order and developments on this matter are available at www.waterboards.ca.gov/sanfranciscobay. Board staff responses to comments will be posted on that website a week prior to the hearing.
